PRELIMINARY AMENDMENTAssistant Commissioner for Patents
Washington, D.C. 20231

Sir:

This amendment is submitted in response to the Notice to Comply with the Sequence Rules mailed October 1, 1998. The Notice requested that a substitute Sequence Listing be presented as the Sequence Listing filed August 28, 1998 was found to contain "errors". More specifically, the Notice indicated that since SEQ ID No: 1 in the Sequence Listing contained both the amino acid sequence and the nucleic acid sequence of the claimed protein, it should not be listed as an amino acid sequence.

Accordingly, the nucleic acid sequence has been removed from SEQ ID No: 1, and is listed as SEQ ID No: 4 in the substitute Sequence Listing. This amendment includes a paper copy of the substitute Sequence Listing (Exhibit 1), a diskette containing the substitute Sequence Listing in computer readable form (Exhibit 2), and a statement under 37 C.F.R. §1.825(b) or §1.825(d) (Exhibit 3) that the substitute paper copy of the Sequence Listing and the substitute computer readable Sequence Listing are identical.

Please replace the Sequence Listing filed August 28, 1998 with the enclosed substitute paper Sequence Listing and insert the substitute Sequence Listing after page 22 of the specification of the application and before the claims.
